### Alliance Begins Its Second Year

Steve Ku recently visited Alliance and spent time with Lola Akiwowo and the team on the ground in Imosan.

We are excited to report that school enrollment has more than doubled to 150 students! While this far exceeds expectations, Lola and her dedicated staff work diligently to maintain a safe and enjoyable learning environment for all. We also provide two meals each day to all students and transportation by bus to and from school. To accommodate our growth, we have

increased the nutrition budget and are seeking funds to acquire an additional schoolbus. A new parents association is also being formed to support and collaborate with teachers.

### Alliance in Numbers

Teachers & Staff: 19

Students: 150

Grades: Pre-K to 5<sup>th</sup>

Finished Classrooms: 10

Cost: \$1.10 per day to educate, provide meals and transportation, on average for one student

### Building Hope

The new roof (left) allows for work to proceed on the upper floor. Our next stage of construction will include finishing more classrooms on the lower floor and the assembly hall. Future plans for 2020 include a Library, Playground, Field and Technology Lab.

**Thank you, friends of Africa River of Life, for caring, giving and investing in the children of Alliance.**
